

## LAB-SCALE COATING THINK BIG, START SMALL

- Maximum flexibility: 0.6–6.0 L capacity
- Recipe-based control
- Adjustable drum
- Corian® Housing – lightweight, hygienic, and FDA-compliant
- Mobile lab coater for efficient pharmaceutical formulation development
- Rental machines on request

**ALWAYS THE RIGHT MIX**

# LÖDIGE COATERS

## SUCCESSFUL SINCE 1980

Whether you are developing small batches, testing new formulations, or optimizing lab processes, the rollable, modular LC Lab Coater delivers flexible, fast, and reliable coating.

**Adjust without downtime**  
Adjust angle and distance from outside - precise, fast and without interrupting the process.

**Innovative drum with Schlick® nano nozzles** ensures uniform results - every time.

**Control anytime, anywhere**  
Recipe-based system control via Wi-Fi - easily from smartphone, tablet or PC.

The following products can be processed with a suitable coating drum design:

- Tablets of all shapes
- Mini-tablets
- Capsules
- Pellets

Gebrüder Lödige FL-PRO-GB-LC-Lab-GLP202604
